

Bonnells Bay Public School

Works notification | 16 August 2024

Dear staff, parents and carers,

Following a water leak on 12 August 2024, mould was seen on the carpet in the 2 demountable classrooms near the carpark at Bonnells Bay Public School.

As a precaution, the affected classrooms were cordoned off from students and staff, and classes were relocated. Sections of carpet were removed, and the areas were environmentally cleaned.

Contractors have been engaged to repair or replace any impacted materials between 13–23 August 2024. The roofs and walls on these 2 buildings will also be repaired to prevent any further leaks occurring. Sections of carpet in the affected areas will be removed and replaced and the area treated with an anti-microbial spray.

The classrooms will be reopened when repairs are finished.

The health, safety, and wellbeing of the school and local community is our highest priority. We will continue to keep the community updated.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
