

Milperra Public School

Works notification | 9 May 2025

Dear staff, parents and carers,

As part of planned maintenance, we are refurbishing toilets at Milperra Public School.

Toilets will be refurbished in the following locations:

- Building A – 4 toilets
- Building B – 2 toilets
- Building C – 4 toilets
- Building F – 5 toilets
- Building G – 2 toilets.

We will be staging the work throughout Term 2 2025 and the winter school holidays to minimise disruption to teaching and learning. Alternative toilet facilities are available across the school.

Upgrades include:

- replacing floor coverings
- painting or replacing wall coverings
- replacing toilet partitions
- deep cleaning of student toilets
- replacing toilets, urinals, cabinetry and sinks where appropriate.

As part of this work, we will be removing bonded asbestos in the toilet partitions outside school hours on Saturdays in May, June and July 2025, and during the winter school holidays.

NSW Health explains that “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan. Safety measures, including air monitoring, will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The areas will be inspected by the independent hygienist to confirm they have been fully remediated, and a clearance certificate will be issued before the rest of the upgrade continues.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
