

# Modanville Public School

Works notification | 22 August 2023

Dear staff and parents/carers,

We are refurbishing the flooring in Building A at Modanville Public School. This work will involve working with asbestos containing material in vinyl tiles currently located under the carpet.

The rooms continue to be used as the vinyl tiles are undisturbed and carpeted.

The rooms will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work to remove the vinyl tiles will take place on Wednesday 6 September 2023, outside school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The rooms will be inspected by an independent hygienist to confirm they have been fully remediated, and the contractor will receive a clearance certificate before flooring works can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
