

Mortdale Public School

School holiday works notification | Spring 2025

Dear staff, parents, and carers,

The school holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We will be working at your school, starting in the Spring School Holidays from Monday 29 September 2025 and running into early Term 4. Work is due to be finished by Saturday 18 October 2025.

During this period, we will be refurbishing one classroom in Building I and 2 classrooms in Building J at Mortdale Public School.

This work involves removing ceiling and wall linings known to contain bonded asbestos, as listed on the School Asbestos Management Plan. This asbestos removal work will be done within the holiday period.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

The Out of School Hours (OOSH) and vacation care service will be operating as usual during the holidays. Vacation care, which runs from the school hall (Building D), away from the fenced off work area, will not be disrupted.

Safety measures including fencing to isolate the construction zone, air monitoring, signage and workers wearing personal protective equipment will be in place during this work. All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

All work will be completed by licensed asbestos contractors and inspected by an independent hygienist.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
