

# Mount Pleasant Public School

## Works notification | 6 August 2024

Dear staff, parents and carers,

Further to the [works notification 6 June](#) regarding the drinking water quality test results for Mount Pleasant Public School, remediation work has been completed by a qualified and accredited tradesperson following advice from an independent hygienist.

Re-testing of the affected tap outlet by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the Practical Learning Areas of Building G and Building I has been restored and can be used again by students and staff.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
