

Mulbring Public School

School holiday works notification – Winter | 2025

Dear staff, parents and carers,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

Planned work over the winter break

We will be working at your school during the Winter School Holidays – from the end of the school day on Friday 4 July 2025 up to Day 1 Term 3 (Tuesday 22 July 2025).

We are conducting electrical repairs and replacing air conditioning units in Buildings A and B and the demountable library following a power surge on Wednesday 18 June 2025 that damaged parts of the school's electricity grid in multiple buildings. Regular school operations were not affected and learning has continued as normal.

Electricians have begun repairing and replacing damaged wiring, upgrading the school's residual current devices and inspecting all electricity connections.

Replacement of the air conditioning units will require the removal of bonded asbestos materials listed on the school's asbestos register. All work involving asbestos-containing materials will take place outside of school hours.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good conditioning and not damaged".

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The independent hygienist will confirm the affected areas have been fully remediated, and issue a clearance certificate before work continues.

It is expected that all asbestos removal and air conditioning installation work will be completed by Day 1 Term 3 2025, conditions permitting. If asbestos removal continues into Term 3, it will be completed outside of school hours.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
