

Mullumbimby Public School

School holiday works notification – Autumn 2026

Dear staff, parents and carers,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We will be working at Mullumbimby Public School during the autumn holidays.

This period may include from the end of the school day on Thursday 2 April 2026 up to the first day of Term 2 Wednesday 22 April 2026.

We are pleased to share we are upgrading 4 external staircases on the northern sides of buildings B and D.

This work includes:

- repair and replacement of railings, handrails, posts and base plates
- replacing five damaged concrete stair treads
- replacing all fixings and bolts
- cleaning and preparing all metal surfaces prior to repainting
- repainting all four staircases.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your support and understanding during this important work.

What makes Mullumbimby Public School special?

The school is in the enviable position of being able to provide the facilities and opportunities of a larger school while still offering the security and caring environment of a much smaller school. The school's focus on quality, explicit teaching regularly results in students achieving above NSW state average results in literacy and numeracy.
