

NSW Department of Education  
**Nemingha Public school**  
Works notification | 15 May 2024

Dear staff and parents/carers,

On Wednesday 8 May 2024, a staff member discovered mould in a storeroom in Building B at Nemingha Public school. The room was immediately cordoned off from students and staff.

On Friday 10 May 2024, a specialist cleaning contractor was engaged to undertake an environmental clean and the removal of any impacted materials in the storeroom.

Following the work, an independent hygienist will inspect the storeroom to ensure all affected areas have been fully remediated. The school will also receive a clearance certificate before the storeroom is reopened for use.

All work involving hazardous materials took place outside of school hours, with additional safety measures and air-monitoring put in place while work was being done. All inspections and remediation works have been conducted in accordance with recommendations from the independent hygienist.

The health, safety, and wellbeing of the school and local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
