

Neutral Bay Public School

Works notification | 22 April 2026

Dear staff, parents, carers and neighbours,

We are pleased to advise we are upgrading window frames at Neutral Bay Public School.

Start of works

The works on the windows will commence on Saturday 25 April 2026 and are expected to be completed by Monday 27 April 2026.

The project will involve the reinforcement of 36 windows and window frames in Building B, including 16 windows located along Bydown Street. Elevated work platforms (EWPs) will be used to safely complete the works.

Site establishment will be completed on Saturday 25 April 2026, including the setup of a secure construction zone and the establishment of a materials handling area.

Use of the footpath on Bydown Street will be restricted during the works. Traffic control will be used for the safety of students, staff and the local community. Please follow the directions of any temporary signage and traffic controllers when in place.

Working hours

External works will be undertaken between 8 am to 1 pm on Saturday and Sunday, and 7 am and 6 pm on Monday. Internal works will be undertaken on Sunday and Monday (public holiday).

Managing construction impacts

The safety of the school, visitors and the local community is our highest priority. We are committed to minimising disruptions where possible while work is taking place.

All site works will be undertaken in accordance with departmental and school operating constraints and procedures.

For more information about how we manage construction impacts, please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your cooperation while we deliver this important project for the Neutral Bay Public School community.
