

New Lambton Public School

School holiday works notification – Autumn | 2025

Dear staff, parents, and carers,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

Planned work over the Autumn School Holidays

As part of planned maintenance, we will be replacing flooring in several Building B rooms, including a classroom and 2 hallways, at New Lambton Public School.

We will be working during the Autumn School Holidays – from the end of the school day on Friday 11 April up to Day 1 Term 2 (Wednesday 30 April).

Removal of asbestos-containing vinyl tiles, located underneath the existing carpet in the classroom and 2 hallways Building B, will take place from Tuesday 22 to Thursday 24 April.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

Safety measures, including air monitoring, temporary fencing, signage and workers wearing personal protective equipment, will be in place.

Once the tiles have been removed, the independent hygienist will provide clearance to continue flooring replacement. All spaces will be reopened for Day 1 Term 2.

All work will be completed by licensed asbestos contractors and inspected by an independent hygienist in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
