

Narooma Public School

Works notification

28 October 2022

Dear staff and parents/carers,

Upcoming maintenance works at Narooma Public School will involve replacing the ceiling in the Block B toilets, which contains asbestos.

Work will take place on the afternoon of Monday 31 October 2022 once the school has been vacated. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
