

North Sydney Public School

Works notification | 17 May 2023

Dear staff and parents/carers,

We are refurbishing the floor in the Pacific Building's practical activities room at North Sydney Public School.

As part of this work, we will be removing asbestos containing vinyl tiles. The vinyl tiles are currently covered with carpet.

This work will take place on Saturday 20 May 2023. Work areas will be cordoned off, and safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. The area will remain out of bounds until the work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The room will be inspected by an independent hygienist to ensure it has been fully remediated. The school will receive a clearance certificate before it is reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
