

Nulkaba Public School

Works notification – 16 October 2025

Dear staff, parents, carers and neighbours,

The asbestos removal work that we notified about in September needed to be rescheduled. Work will now start on Saturday 25 October and continue each weekend until the end of November. Work will take place on weekends when no one is at the school.

--

Notification issued September 2025

Dear staff, parents, carers and neighbours,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We will be working at your school during the spring holidays – from the end of the school day on **Friday 26 September 2025 up to Day 1 Term 4 Tuesday 14 October 2025**.

We will be removing bonded asbestos from ceilings throughout the old weatherboard Administration Building, now used for Special Programs. These ceilings are known to contain bonded asbestos as listed in the school's asbestos register.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

The asbestos removal work will take place on weekends over the spring holidays when no one is at the school.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures, including air monitoring, will be in place while work is being done. All work will be completed by licensed asbestos contractors.

Affected areas in Building B will be inspected by an independent hygienist to confirm they have been fully remediated, and a clearance certificate will be issued before those areas are reopened after the weekend work.

Out of School Hours (OOSH) vacation care is unaffected and will operate as usual.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
