

Old Bonalbo Public School

Works notification | 1 November 2024

Dear staff, parents, and carers,

Following the [works notification on 27 June](#) regarding drinking water quality test results for Old Bonalbo Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected tap outlets by the independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the handbasin tap outlets in the Building C boys' and girls' toilets has now been restored.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
