Ourimbah Public School

Works notification | 3 August 2026

Dear staff, parents and carers,

Earlier this year termite damage was identified on a timber beam at the entry to the uniform shop in Building E, at Ourimbah Public School. At that time, minor work was done to secure the beam to ensure this space could continue to be accessed safely.

In July we arranged a qualified builder to inspect the whole building. The results of this inspection recommended the entry to the uniform shop be temporarily restricted while additional work to secure the beam was undertaken.

Licensed and qualified contractors attended the site on Wednesday 29 July 2026 to do this work. The area was re-inspected and it is now open and operating as usual.

All work was done in accordance with work, health and safety laws and completed by experienced contractors.

Planning is underway to permanently repair the uniform shop entry, and we will communicate this with the school when we have more information and dates.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
