

Ourimbah Public School

Works notification | 4 September 2024

Dear staff, parents and carers,

Following a routine inspection on Monday 2 September 2024, mould was detected on the walls and ceiling in the uniform shop in Building E at Ourimbah Public School.

As a precaution, the affected room was cordoned off from students and staff.

The uniform shop will remain isolated from students and staff until an environmental clean of the room can be conducted from 3 to 13 September 2024. Any impacted materials will be removed from this room as required.

There will also be minor mould cleaning works conducted over this same period in the hall, toilets in Building G, computer room in Building Q, a classroom in Building B, and a storeroom in Building L. There will be intermittent, short-term closures of these areas. This cleaning work will not impact teaching and learning.

All work involving hazardous materials will take place with safety measures in place while work is being done. Once the affected areas have been remediated, they will be reopened for use.

The health, safety, and wellbeing of the school and local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
