

Padstow Park Public School

Works notification | 25 September 2026

Dear neighbour,

The NSW Department of Education organises inspections of all trees on public school grounds on an annual basis. These inspections are completed by an Australian Qualifications Framework (AQF) Level 5 arborist.

The most recent inspection of trees at Padstow Park Public School took place on Wednesday 16 September 2026.

The arborist identified that a gum tree near the shared boundary of your property (131 Doyle Road) is in declining health and requires removal.

The tree is wholly located on school grounds.

Removal work will take place between Monday 28 September and Friday 2 October 2026.

It will involve the use of machinery and power tools that will cause noise.

Work will take place between 7 am and 6 pm Monday to Friday, in line with NSW Environment Protection Authority guidelines.

While work is occurring on school grounds some debris may fall onto your property. Contractors will contact you to access your backyard and clean up debris once removal work is complete.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
