

Peats Ridge Public School

Works notification | 1 August 2025

Dear staff, parents, and carers,

We are removing a tree from the grounds of Peats Ridge Public School.

Tree removal

In line with the department's guidelines, a tree near the school's Administration Building has been identified for removal, for safety reasons.

As a precaution, the tree and area surrounding the Administration Building has been isolated as of today, Friday 1 August 2025.

The Administration Building will remain temporarily closed until the tree can be safely removed. Alternative rooms are available at the school for staff to use.

An independent arborist has been engaged to remove the tree from the school between 1 August and 4 August 2025.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
