

Peats Ridge Public School

Works notification | 30 July 2024

Dear staff, parents and carers,

Further to the [Works Notification 20 June](#) regarding the drinking water quality test results for Peats Ridge, remediation work has been completed by a qualified and accredited tradesperson following advice provided by an independent hygienist.

Access to the tap outlet (bubblers located at Building J) has been restored and can continue to be used by students and staff.

Re-testing of the affected tap outlet by an independent hygienist has returned results which meet the requirements of the [Australian Drinking Water Guidelines](#).

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
