

# Penrith Public School

## Works notification | 5 April 2023

Dear staff parent/carers,

We are installing new flooring in a hallway in Building A and in 3 classrooms in Building C at Penrith Public School.

As part of the floor replacement, asbestos containing vinyl tiles will need to be removed. The areas are being safely used at present as the vinyl tiles are undisturbed and under carpet.

Work to remove the vinyl tiles will take place on Saturday 29 April 2023.

The area will be cordoned off before works start, and safety measures and monitoring put in place under the advice of an independent hygienist. It will remain out of bounds to anyone visiting the school site until the material is removed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The areas will be inspected to ensure they have been fully remediated and the school will receive a clearance certificate before the areas are reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.

If you have any questions about the work, please contact us on the details below.
