

# The Pocket Public School

## Works notification | 7 August 2024

Dear staff, parents and carers,

Further to the [Works Notification 27 June](#) regarding the drinking water quality test results for The Pocket Public School, remediation work has been completed by a qualified and accredited tradesperson following advice by an independent hygienist.

Re-testing of the affected tap outlet by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlet has been restored (tap outlets located in the disabled toilet in Building H and the staff kitchen in Building E) and can be used again by students and staff.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
