

Port Kembla Public School

Works notification | 2 February 2026

Dear staff, parents and carers,

Port Kembla Public School's student population is growing and in order to provide adequate space for students we installed a new demountable on the hard surface sports court next to Building C over the Summer School Holidays.

The demountable installation is complete and will be fully operational from Day 1 Term 1 2026.

The demountable is fully connected to all services including electricity, water and data with a split system air conditioner also installed.

It will be used for years 5 and 6 classes.

If you have any questions regarding classes and learning in the demountables, please speak to school staff.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
