

Prestons Public School

Works notification | 1 April 2026

As part of the NSW Government's plan to rebuild public education, improvement works are taking place at Prestons Public School to support the long-term functionality of the school facilities.

School holiday works

Improvement works will continue during the Autumn school holidays, starting from the end of the school day on Thursday 2 April 2026, until the first day of Term 2, Wednesday 22 April 2026.

Around the hall, we will use heavy machines to dig trenches for plumbing systems. We will also put back lights and electrical fittings, reconnect air conditioning, and clean the carpets in the administration building so it is ready for staff in Term 2.

Please be aware that some noise from the equipment may occur during this period. We will do our best to finish quickly and keep the noise to a minimum.

Demountable removal

At the start of Term 2, we will tell you when the administration building is ready to use and when we will remove the temporary demountable buildings.

Working hours

School improvement work will continue inside and outside the hall an administration building during standard construction hours:

- Monday to Friday: 7 am-6 pm
- Saturday: 8 am-1 pm

These hours comply with NSW Environment Protection Authority construction guidelines.

The health, safety, and wellbeing of the school and local community is our highest priority. We will keep the community updated as the project progresses and will continue to work with your principal to ensure we minimise disruptions to teaching and learning.

If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below.

Thank you for your cooperation during this important work.
