

Prestons Public School

Works notification | 24 September 2026

As part of the NSW Government's plan to rebuild public education, improvement works are taking place at Prestons Public School to support the long-term functionality of the school facilities.

Work inside the hall is continuing and scheduled to finish by 1 November 2026, in time for the school's centenary celebrations on 6 November 2026.

Work inside the administration building is on hold until after the school's centenary celebrations and the office will continue operating out of the temporary demountable buildings.

External work

On 19 June 2026 we informed you about the rescheduled external trenching and plumbing work around the hall and administration building.

This work is now scheduled to start on Saturday 26 September 2026 and is expected to take 5 weeks.

On Tuesday 22 September 2026 we started installing plywood hoarding to restrict access to the construction area until the work is finished.

The work involves using heavy machines to dig trenches for plumbing systems around the buildings.

Please be aware that some noise from the equipment may occur during this period. We will do our best to finish quickly and keep the noise to a minimum.

We will continue to keep you updated as work progresses.

Working hours

School improvement work will continue during standard construction hours:

- Monday to Friday: 7 am – 6 pm
- Saturday: 8 am – 1 pm

These hours comply with NSW Environment Protection Authority construction guidelines.

We will ensure works are carried out safely and efficiently to minimise impacts to the community.

If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below.

Thank you for your cooperation and ongoing patience during this important work.
