

Prestons Public School

Works notification | February 2026

As part of the NSW Government's plan to rebuild public education, improvement works are taking place at Prestons Public School to support the long-term functionality of the school facilities.

Improvement work – Buildings A and K

During the school holidays improvement works on Building A (administration) and Building K (the hall) continued. The work has taken longer than expected and is now scheduled to finish by early Term 2.

Tree removal work

On the advice of an independent arborist 2 trees north of the Building A need to be removed. Tree removal work will take place on Saturday 7 February 2026.

During this work, there may be some noise from the equipment we will be using. We will do our best to finish quickly and keep the noise to a minimum.

Working hours

School improvement work will continue inside and outside Building A and Building K during standard construction hours:

- Monday to Friday: 7 am – 6 pm
- Saturday: 8 am – 1 pm

These hours comply with NSW Environment Protection Authority construction guidelines.

The health, safety, and wellbeing of the school and local community is our highest priority. We will keep the community updated as the project progresses and will continue to work with your principal to ensure we minimise disruptions to teaching and learning.

If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below.

Thank you for your cooperation during this important work.
