

Pretty Beach Public School

Works notification | 25 June 2025

Dear staff, parents and carers,

Recent weather has caused mould in a communal hall space, staff toilet and storeroom in Building K at Pretty Beach Public School.

The rooms were temporarily closed until water ingress repairs and cleaning can be completed. Alternative spaces are available to use at the school.

From Tuesday 24 until Monday 30 June, these rooms and surfaces will be environmentally cleaned to remove and prevent mould from reoccurring.

In addition, a qualified electrician will install exhaust fans to increase air flow, and a qualified plumber will complete any drainage repairs required.

All work involving mould will take place during school hours, with appropriate safety measures in place.

Please be aware of the preventative measures as advised by [NSW Health's mould factsheet](#) to help avoid mould growth and follow these steps as best you can.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this time.
