

Putney Public School

Works notification | 15 August 2025

Dear staff, parents, carers and neighbours,

To improve accessibility to the library and some classrooms, we are installing a passenger lift and connecting bridge at Putney Public School.

The project involves:

- construction of a lift shaft between buildings I and J, and the installation of lift components and necessary electrical systems for lift operation, including wiring, control panels and emergency systems
- construction of a bridge connecting buildings I and J on level 1 of the library, next to the passenger lift.

Work is expected to start September 2025 and finish in Term 2 2026, depending on weather and site conditions.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with local council guidelines.

The library and Building J classrooms will remain open throughout the works. The Out of School Hours (OOSH) care will also remain open.

We will have temporary fencing, signage restricting access to the construction zone and workers wearing personal protective equipment while work is taking place.

All work will be done in accordance with work, health and safety laws. All work will be completed by licensed contractors.

There may be some extra noise from tools and machines during the works and we apologise for any inconvenience.

For more information on how construction impacts will be managed, visit the School Infrastructure website: [Managing construction impacts in your community \(nsw.gov.au\)](https://www.nsw.gov.au/infrastructure).

If you have any questions about this work, please contact the NSW Department of Education on the details below.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your patience while we complete this important school project.
