

Rappville Public School

Works notification | 8 August 2024

Dear staff, parents and carers,

Further to the [Works Notification on 27 June](#) regarding the drinking water quality test results for Rappville Public School, remediation work has been completed by a qualified and accredited tradesperson following advice by an independent hygienist.

Re-testing of the affected tap outlets by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the following locations has been restored and can be used again by students and staff:

- boys' toilet handbasin, Building A
- storeroom sink on the first floor of Building A
- library sink, Building C.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
