

The Risk Public School

Works notification | 21 August 2024

Dear staff, parents, and carers,

Further to the [Works Notification from 2 July](#) regarding the drinking water quality test results for The Risk Public School, remediation work has been completed by a qualified and accredited tradesperson following advice from an independent hygienist.

Re-testing of the affected tap outlets by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the following locations has been restored and can be used again by students and staff:

- staff sink in Building A
- basins located in the girls' and staff toilets in Building B
- staff kitchen sink in the administration demountable.

The health and wellbeing of students, staff, and the local community is our highest priority.

Thank you for your cooperation during this important work.
