

Ryde Public School

School holiday works notification – Autumn | 2025

Dear staff, parents, carers and neighbours,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

Planned work beginning in the Autumn School Holidays

As part of planned maintenance, we are replacing the slate roof on the Administration Building at Ryde Public School.

We will be working at your school starting in the Autumn School Holidays – from the end of the school day on Friday 11 April and running into Terms 2 and 3. The roof tile replacement is expected to be finished around August 2025.

The vacation care program will be open as usual during these works. Once Term 2 begins, students and staff will be able to access the rooms in the Administration Building as usual.

Work hours will be between 7 am and 3 pm Monday to Friday in accordance with NSW Environment Protection Authority construction times.

During the works there will be hoarding, temporary fencing around the Administration Building and signage at the school.

While works are happening, contractors and vehicles will be accessing the school. Potential traffic disruptions may occur around the northern end of the school near Pope Street as vehicles access the Administration Building carpark.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
