

# North Ryde Public School

Works notification | 31 January 2023

Dear staff and parents/carers,

During the school holidays, repairs to a retaining wall in the playground at North Ryde Public School include working with asbestos containing material in the ground.

The work to remove the material took place between Wednesday 11 January and Monday 23 January 2023. Safety measures and monitoring were in place and the areas remained out of bounds to anyone on site until the removal and associated maintenance work was completed.

This area was remediated in accordance with SafeWork NSW regulations and the Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing was completed to ensure the area has been fully remediated, the school has received a clearance certificate and the area has reopened to students and staff.

The health, safety and wellbeing of the school and local community is our highest priority.
