

Seaham Public School

Works notification | 11 August 2023

Dear staff and parents/carers,

We are replacing the ceiling and wall linings of the staff kitchen and staff toilets in Building A at Seaham Public School. As part of this work, asbestos containing material within the ceiling and wall linings will need to be removed.

The area continues to be used as the material is undisturbed. Safety measures and monitoring will be in place before works start. The area will remain out of bounds to students and staff whilst the work is undertaken and completed.

Work to remove the material will take place on Saturday 26 August 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The areas will be inspected by an independent hygienist to confirm they have been fully remediated upon completion, and the school will receive a clearance certificate before the areas are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
