

# Stratford Public School

## Works notification | 18 March 2025

Dear staff, parents, and carers,

Following the works notification on [4 March 2025](#) regarding drinking water quality test results for Stratford Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected tap outlets by the independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the following tap outlets has now been restored:

- kitchen tap at the north wall in Building A
- bubbler next to the toilet in Building B.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
