

Tabulam Public School

Works notification | 26 May 2023

Dear staff and parents/carers,

We are replacing a cabinet in a practical activities room in Building E at Tabulam Public School. This work will involve removing known asbestos containing material in the wall sheeting as per the school's asbestos register.

The practical activities room is being safely used at present as the wall is undisturbed and in good condition. The room will be cordoned off before the work starts.

Work to remove the wall sheet will take place on Wednesday 31 May 2023, outside school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The practical activities room will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
