

Tahmoor Public School

Works notification | 11 December 2025

Dear staff, parents and carers,

We are pleased to inform you that as part of planned maintenance work, we are repainting multiple buildings at Tahmoor Public School. This work includes repainting the exterior of buildings H, I, J and K.

In preparation for the painting works, we will treat existing lead-based paint known to be present in some of the areas over this weekend and over the summer school holidays.

The lead-based paint treatment involved sealing off access points and laying protective drop sheets or builder's plastic on all hard surfaces. Wet scraping and chemical stripping methods will be used to remove flaking or delaminated paint. Work areas will then be cleaned by wet wiping and vacuuming to reduce the risk of spreading dust and debris.

Once the lead-based paint is treated, an independent hygienist will inspect the work and samples will be tested before issuing a clearance certificate, allowing for the repainting work to begin. Temporary fencing, barricades, and construction signage is installed for the duration of the work.

Building K

Work on Building K will take place this weekend, Saturday 13 December to Sunday 14 December 2025, from 7:30 am to 4pm.

Building H, I and J

Work on Buildings H, I and J will take place during the Summer School holidays between Monday 22 December 2025 and Tuesday 30 December 2025. Work will take place between 7 am and 6 pm, Monday to Friday and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

Thank you for your cooperation during this important work.
