Terrey Hills Public School

Works notification | 16 December 2022

Dear staff and parents/carers,

Upcoming maintenance work is planned to replace flooring in the reception area of Block A and a classroom in Block B at Terrey Hills Public School. This will involve working with asbestos containing material in the tiles under the old carpets. The material is confirmed as bonded asbestos, which means it is attached to other material such as cement or vinyl and cannot be crumbled by light pressure.

We are following all the advice and protocols of the independent hygienist, asbestos removalist, and other experts.

Work will take place during the summer school holidays between Wednesday 21 December 2022 and Thursday 26 January 2023.

Before work start the area will be cordoned off. Safety measures and monitoring will be put in place and the area will remain out of bounds to any staff or students whole may visit the school until the removal and associated maintenance work is completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
