Terrey Hills Public School

Works notification | 1 September 2023

Dear staff and parents/carers,

We are working to remove toilet partitions known to contain asbestos material as per the school's asbestos register at Terrey Hills Public School as part of the planned toilet upgrades in Building G.

The girls' and boys' toilets continue to be used as the partitions are undisturbed and in good condition. They will be cordoned off before the work starts.

Work will take place between Saturday 16 September and Monday 18 September 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before they are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
