

Terrigal Public School

Works notification | 18 May 2023

Dear staff and parents/carers,

We are refurbishing the flooring of 2 rooms in Building A at Terrigal Public School.

As part of this work, asbestos containing vinyl tiles will need to be removed. Building A has been cordoned off with temporary fencing put in place since roof replacement works started on 24 April 2023.

This work will take place on Saturday 20 May and on Saturday 27 May 2023. Work areas will be cordoned off within the work site, and additional safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. The rooms will remain out of bounds until the asbestos removal work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The rooms will be inspected to ensure they have been fully remediated, and the contractor will receive a clearance certificate before the works in Building A can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
