

Tooleybuc Central School

Works notification

20 September 2022

Dear staff and parents/carers,

Upcoming maintenance work as part of the Regional Renewal Program at Tooleybuc Central School will involve removing some flooring of Block B. This work will involve working with asbestos containing material in the tiles and vinyl of the flooring.

Work will take place between Monday 26 September and Tuesday 27 September 2022. All asbestos containing material will be removed outside of school hours in the school holidays.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed. Air monitoring will also be in place whilst the work is undertaken to ensure the safety of the school community.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
