

NSW Department of Education
Toukley Public School
Works notification | 8 May 2024

Dear staff, parents/carers,

During the April School Holidays, rain caused minor flooding in classroom 5M. The classroom was assessed by tradespeople the same day and damaged carpet tiles were removed.

The classroom has been isolated and students have been temporarily relocated to the STEM room for learning.

Work is currently underway to repair the damage and replace the carpet. We anticipate that this repair work will be completed by 16 May 2024.

Students will continue their temporary learning arrangements using the STEM room until work is complete and the 5M classroom is able to reopen for learning.

The health, safety and wellbeing of the school is our highest priority, and we thank you for your patience as we undergo this essential repair work.
