

Trangie Central School

Works notification | 24 October 2024

Dear staff, parents, and carers,

A staff member reported a mould smell in the Deputy Principal's office, located in the secondary administration Building A, at Trangie Central School on Monday 21 October 2024.

As a precaution, access to the office was restricted on Tuesday 22 October and the Deputy Principal was temporarily relocated to an alternative room.

An independent hygienist conducted an inspection on Wednesday 23 October and collected samples for testing.

The test results confirmed mould was not present and a contractor will now address odour concerns.

Access will remain restricted until the hygienist confirms the room can be reopened.

The health, safety, and wellbeing of the school community remain our highest priority.

We will keep the community updated.

Thank you for your cooperation during this important work.
