

# Tregeagle Public School

## Works notification | 5 March 2025

Dear staff, parents, and carers,

Following the works notification on [18 February](#) regarding drinking water quality test results for Tregeagle Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected water outlets by the independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the taps over the hand basins in the girls' toilet in Building D has now been restored.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
