

White Cliffs Public School

Works notification | 21 June 2023

Dear staff and parents/carers,

We replaced the ceiling eaves in Building C at White Cliffs Public School. During this work asbestos containing material was removed.

Work to remove the material took place outside of school hours on Tuesday 13 June and Wednesday 14 June 2023. Additional safety measures and monitoring were in place before the work started. The eaves were in good condition and undisturbed prior to work.

The area was cordoned off during work and it remained out of bounds until the removal and work was finished.

Work was done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area was inspected by an independent hygienist to confirm it has been fully remediated, and the school received a clearance certificate.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
