

Wilsons Creek Public School

Works notification | 23 July 2025

Dear staff, parents and carers,

In [Autumn 2025](#), we notified you about drinking water quality test results at Wilsons Creek Public School. We are pleased to advise remediation work has been completed by a qualified and accredited tradesperson following advice provided by an independent hygienist.

Re-testing of the affected tap outlets by an independent hygienist has returned results which meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the following locations has been restored and can be used again by students and staff:

- the bubblers in Building B
- the sink in the girls' toilet in the demountable building
- the canteen sink in Building A
- the sink in the practical activities area in Building E.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
