

Wilsons Creek Public School

Works notification | 31 January 2023

Dear staff and parents/carers,

During the school holidays, the replacement of roof tiles in the administration building and one classroom at Wilsons Creek Public School included working with asbestos containing material.

Safety measures and monitoring were in place and the area remained out of bounds to anyone on site while the removal and associated maintenance work was completed.

This area was remediated in accordance with SafeWork NSW regulations and the Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Work took place between Monday 16 January and Tuesday 24 January 2023.

All asbestos containing material was remediated out of school hours and in accordance with the advice of the independent hygienist.

Testing was completed to ensure the area has been fully remediated, the school has received a clearance certificate and the area is open to students and staff.

The health, safety and wellbeing of the school and local community is our highest priority.
