Wisemans Ferry Public School
Works notification | 18 June 2026

Dear staff, parents, carers and neighbours,

On Monday 15 June 2026, after school hours, the administration demountable building was damaged at Wisemans Ferry Public School.

Contractors made the building safe and fenced off the affected area, closing the building and area to students and staff.

On Wednesday 17 June 2026, an independent structural engineer assessed the building and deemed it safe to be used by staff until repairs are made.

Staff will use Building H as a staffroom this week and move back to the administration demountable building on Monday 22 June 2026. The building will remain closed to students, parents and community members until further notice.

We will keep you informed of future repairs once they have been confirmed.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

If you have questions about this, please contact the NSW Department of Education using the details below.

Thank you for your understanding and cooperation during this time.
