

Woonona Public School

Works notification | 6 February 2025

Dear parents, carers and staff,

Planning is underway to resurface the sports court at Woonona Public School, due to weather damage, and ensure the facility meets the NSW Department of Education's [Educational Facilities Standards and Guidelines](#).

Access to the sports court continues to be restricted with temporary fencing in place.

Progress

Several external factors have unfortunately impacted the delivery timeline, resulting in a construction delay.

The department has contracted engineers and surveyors to further assess the environmental factors and provide additional advice on design and construction methodology.

We are working through these considerations as a priority and aim to complete work as soon as possible.

Next steps

Work will be scheduled once we have reviewed all relevant reports and finalised a design.

We will keep the community updated.

Thank you for your patience and understanding during this important work.
