

Wyee Public School

Works notification | 16 May 2023

Dear staff and parents/carers,

During preparation for painting the interview room in Building A, asbestos containing vinyl tiles were discovered under the carpet in the northeast corner of the room. Work immediately stopped, the material was covered, and the area remained cordoned off within the work site.

The vinyl tiles will be removed on Thursday 18 May 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The interview room will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before maintenance works can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
