

Yamba Public School

Works notification | December 2025

Dear neighbour,

We are writing to update you on recent assessments related to the trees along the northern boundary between your property and Yamba Public School on Wooli Road.

Following concerns about the trees and their potential impact on neighbouring properties, the department engaged independent arborists to conduct 2 separate Tree Risk Assessments (TRAs).

The NSW Department of Education manages trees on school sites in accordance with local council regulations, our departmental guidelines and advice from qualified arborists.

Under these guidelines, we are only permitted to undertake tree works as determined by the recommendations from the AQF5-qualified arborist provided in a TRA.

After a surveyor confirmed the boundary lines, the two TRAs found the trees to be low risk, with no pruning required. The department will continue to review and maintain the trees along the boundary annually.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions, concerns, or would like further information, please contact us on the details below. Please note, School Infrastructure will be closed from Wednesday 24 December 2025 at 12 pm to Monday 12 January 2026 at 9 am, inclusive, in line with the NSW Government shut down period. You can continue to contact us during this time, and we will get back to you after we return.

Thank you for your cooperation during this important work.
