

Cronulla South Public School

Works notification | 4 August 2023

Dear staff and parents/carers,

On Tuesday 25 July 2023, mould was found on the ceiling in the staff toilets in Building E at Cronulla South Public School. The area was cordoned off immediately to keep students, staff and any visitors safe.

We are following all the advice and protocols of independent hygienists and other experts.

On Thursday 3 August, an independent hygienist attended site to conduct testing and provide recommendations for remediation measures. We will provide an update once we receive next steps.

The material will be remediated as soon as licenced contractors can be scheduled. Additional safety measures and monitoring will be in place before works start and the area will remain out of bounds.

The area will be remediated in accordance with SafeWork NSW regulations. All work will be completed and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected to ensure they have been fully remediated and the school will receive a clearance certificate before the area is reopened to students and staff.

The health, safety, and wellbeing of the school and local community is our highest priority. Thank you for your understanding during this important work.
